

THE FUTURE IS FUNGI **AWARD**

www.futureisfungi.org/

Are you a scientist or start-up harnessing innovation within the fungi realm?

The Future is Fungi Award is dedicated to honor, recognize, and accelerate your pioneering work in harnessing the power of fungi for environmental innovation.

Fungi hold immense potential to address our planet's challenges, and we believe your cutting-edge research can unlock its true capabilities.

We are focusing on both research and innovation in academia and in research-driven start-ups, aiming to use fungi to change the world for the better. We want to help you bring your discoveries to life and make a tangible impact

By participating in the Future is Fungi Award, you'll have the opportunity to

showcase your research, gain mentorship, access valuable networks, and increase your visibility in the field. We're **awarding both a research grant and a start-up grant**, providing you with the support you need and **10.000 EUR**, to take your work to the next level.

Applications open on September 5th, and the winners will be announced during our digital Award Ceremony on **November 23rd**.

Are you ready to lead the way and contribute to a regenerative future through fungi research?

This is just the beginning.
